

# BECOME A SPONSOR

---

Join us as a sponsor for "Blossoming with WINGS," the Spring Fundraiser on **April 19, 2024, at 6 PM at the Lagoon Room/Foster City Recreation Center, 650 Shell Blvd.** Your support is crucial in ensuring the success of our mission to enrich the lives of individuals with moderate to severe autism and similar challenges. We have proven time and again that autism doesn't have to be a barrier to living a full life.

However, there is a simple reality—school district funding does not cover staff expenses at WINGS. We are blessed to have an amazing team providing a caring and supportive culture, but finding teachers and aides today is a huge challenge. The goal of our event is to raise funds to support and retain our staff and recruit more staff to offer more programs for more students.

And we can't sit still either. That's why adding a preschool and an adult program is a definite priority and a central part of our plan going forward. Stay tuned for details coming soon.

Our "**Blossoming with WINGS**" Spring Fundraiser will feature catered comfort food, great wine and beer, an incredible DJ, and special surprises. We will also be selling fabulous art created by our students to support various programs and services.
